About

Akuna Capital is a fast-growing derivatives trading firm located in downtown Chicago that specializes in market-making and arbitrage. Founded in 2011, Akuna has quickly expanded from a start-up to a successful leader on US options exchanges and has already begun international expansion. We've grown significantly from humble but determined beginnings and still proudly retain the spirit of a smaller, entrepreneurial start-up.

Amgen

We Are Looking For

DEGREE	Bachelors, Masters
MAJOR	All Majors
POSITION TYPE	Internship - Paid

Profile

POSITION TITLE(S)	Undergraduate and Graduate Internships
WORK AUTHORIZATION	No, will not require employment visa sponsorship, Yes, now or in the future may require employment visa sponsorship

About

Amgen is committed to unlocking the potential of biology for patients suffering from serious illnesses by discovering, developing, manufacturing and delivering innovative human therapeutics. This approach begins by using tools like advanced human genetics to unravel the complexities of disease and understand the fundamentals of human biology. Amgen focuses on areas of high unmet medical need and leverages its biologics manufacturing expertise to strive for solutions that improve health outcomes and dramatically improve people's lives. A biotechnology pioneer since 1980, Amgen has grown to be the world's largest independent biotechnology company, has reached millions of patients around the world and is developing a pipeline of medicines with breakaway potential.

POSITION TITLE(S)	Evidence Analyst
WORK AUTHORIZATION	No, will not require employment visa sponsorship, Yes, now or in the future may require employment visa sponsorship

About

Doctor Evidence is a specialty software platform and services company aimed to assist stakeholders from across the healthcare ecosystem to make evidence-based medicine decisions with the most relevant medical evidence. The Doctor Evidence methodology uses a Digital Outcome Conversion (DOCTM) approach of taking data from published clinical studies, FDA drug labels, and epidemiological databases to transform static data into reusable dynamic relational databases. Our software platform empowers both public and private sector clients to conduct ready analyses with the highest level of transparency available for today's market communication standards.

About

Green Dot Corporation, along with its wholly owned subsidiary bank, Green Dot Bank, is a pro-consumer financial technology innovator with a mission to reinvent personal banking for the masses. Green Dot invented the prepaid debit card industry and is the largest provider of reloadable prepaid debit cards and cash reload processing services in the United States. Green Dot is also a leader in mobile technology and mobile banking with its award-winning GoBank mobile checking account. Through its wholly owned subsidiary, TPG, Green Dot is additionally the largest processor of tax refund disbursements in the U.S. Green Dot's products and services are available to consumers through a large-scale "branchless bank" distribution network of more than 100,000 U.S. retail locations and neighborhood financial service center locations, online, in the leading app stores and through 25,000 tax preparation offices and leading online tax preparation providers. Green Dot Corporation is headquartered in Pasadena, Calif., with additional facilities throughout the United States and in Shanghai, China. We embrace reinvention at every turn, from our technology to our work environment to the future we envision for ourselves.

Microsoft Corporation

Microsoft Corporation

We Are Looking For

DEGREE	Bachelors, Masters, Doctorate
MAJOR	School of Engineering/Computer Science
POSITION TYPE	Full-time, Internship - Paid

Profile

POSITION TITLE(S)	Software Engineers and Program Managers
WORK AUTHORIZATION	No, will not require employment visa sponsorship, Yes, now or in the future may require employment visa sponsorship

About

Microsoft is the worldwide leader in software, services and solutions that help people and businesses realize their full potential. We're motivated and inspired every day by how our customers use our software to find creative solutions to business problems, develop breakthrough ideas, and stay connected to what's most important to them. We run our business in much the same way. Our employees come as they are and do what they love. Imagine the opportunities you'll have in a company with more than 100,000 employees in more than 100 countries, working on hundreds of products-spanning games, phones, developer tools, business solutions and operating systems. We work hard, but we value work/life balance, and each of us defines what that means to us. So why not explore what we do, where we do it, and how we do it?
